

Neisseria Vaccines 2011

May 29th-Jun 3rd /2011, Varadero, Cuba

<http://www.sci.sld.cu/neisseria/neisseria.htm>

We look forward to the great opportunity of warmly welcoming you to the 3rd International Workshop on Neisseria Vaccines. This workshop is the follow up to the successful 2007 and 2009 meetings held in Varadero, Matanzas, Cuba. The goals of this meeting are to discuss: 1) cutting-age research on new and current Neisseria vaccines, 2) cutting-age on mucosal bacteria interaction, herd immunity, mucosal vaccines, and mucosal adjuvants, and 3) topics ranging from basic research and development, to production, quality control and regulation in Neisseria Vaccinology.

Concepción Campa (President)

Oliver Pérez (Co-President)

Organized by:

CONFERENCE SYMPOSIA:

- Neisserial pathogenesis and immune response
- New meningococcal candidate vaccines
- Mucosal approach of neisserial vaccines and herd immunity
- Hyporesponse and polysaccharide vaccines
- Research and development of Gonococcal Vaccines
- Current meningococcal vaccines
- Correlates of protection
- Clinical trials, control, and regulation
- Adjuvants for meningococcal vaccines

CONFIRMED SPEAKERS:

- Borrow Ray (UK)
- Campa Concepción (Cuba)
- Caugant Dominique (Norway)
- García Luis (Cuba)
- Gorringer Andrew (UK)
- Holst Johan (Norway)
- LaForce Marc (France)
- Martin Diana (New Zealand)
- Nasif Xavier (France)
- Pérez Oliver (Cuba)
- Ram Sanjay (USA)
- Rice Peter (USA)
- Rokbi Bachra (France)
- Rosenqvist Einar (Norway)
- Velazquez Luis (Chile)
- van den Dobbelsteen Germie (The Netherlands)
- van Alphen Loek (The Netherlands)
- Virji Mumtaz (UK)

Early registration: **January 31, 2011** Abstract deadline: **March 30, 2011**

Private Sector € 350.00

Academic and Governmental Sectors € 300.00

Student (proof of student status) € 150.00

Accompanying person € 125.00

ORGANIZING COMMITTEE:

Campa Concepción (President); Pérez Oliver (Co-President); Aguilar José L (President ALAI); Balboa Julio A (Secretary); Lastre Miriam (Treasurer); Cabrera Osmir; Romeu Belkis; Cuello Maribel and Zayas Caridad

SCIENTIFIC ADVISOR PANEL:

Apicella Michael (USA); Barberá Ramón (Cuba); Borrow Ray (UK); Campa Concepción (Cuba); Caugant Dominique (Norway); Diggle Mathew A (UK); García Luis (Cuba); Gorringe Andrew (UK); Guillén Gerardo (Cuba); Heyderman Robert S (UK); Holst Johan (Norway); LaForce Marc (France); Martin Diana (New Zealand); Menéndez Tamara (Cuba); Nasif Xavier (France); Pérez Oliver (Cuba); Ram Sanjay (USA); Rice Peter (USA); Rokbi Bachra (France); Rosenqvist Einar (Norway); Sierra Gustavo (Cuba); Sotolongo Franklin (Cuba); Velazquez Luis (Chile); van den Dobbelsteen Germie (The Netherlands); van Alphen Loek (The Netherlands); Vipond Caroline (UK); and Virji Mumtaz (UK)
